10. **STATEMENT OF SIGNIFICANCE**
Cremorne Theatre (fmr), a single-storey brick, stucco and iron building constructed in 1907, in the Federation Free Classical style, has cultural heritage significance for the following reasons;
 - the place was the only theatre built in Kalgoorlie during the early 1900s;
 - the place contributes to the Hannan Street streetscape which, spanning four blocks, is the most extensive, intact and significant commercial street representing the 1880s and 1890s goldrushes in Western Australia;
 - the place is representative of the development of the entertainment industry and venues in Kalgoorlie during the early 1900s, and in particular with vaudeville theatre. This is a reflection of the continuing

development of Kalgoorlie as the major administrative and commercial centre of the goldfields dating from the 1880s and 1890s;
as a part of Hannan Street, Kalgoorlie, the place contributes to the local and wider community's sense of place as a substantial reminder of the 1880s and 1890s goldrushes in Western Australia;
the refurbishment of the place in 1936, with elements of art deco design, reflects the optimism that prevailed at the end of the Depression; and,
the place is valued by the local community for its associations with entertainment and social activity in Kalgoorlie throughout the twentieth century.
