Maintenance

The Programme below will form part of the maintenance regime for this place. The programme will be the responsibility of the Owner or the Owner's nominee. Should the property be sold the new proprietor shall nominate the person responsible for carrying out this maintenance schedule. The Heritage Council of Western Australia should be notified of any change of the person responsible.

This schedule is concerned with the significant heritage fabric and the presentation of the place. It does not aim to cover all the statutory requirements concerning plant and machinery. The required inspection of these items should form part of a broader more comprehensive schedule prepared by the proprietor or building manager.

This schedule should be regarded as provisional and should be adapted by mutual agreement to suit circumstance and experience. This schedule should be regarded as a minimum standard. The schedule should be adhered to in any period where the place is wholly or partially unoccupied.

It is not envisaged that structural monitoring will be required.

Should the place be subject to damage by fire, infestation, seismic or building activity or alteration of the foundation, an inspection of the building frame by a qualified structural engineer will be required and any recommendations implemented.

Periodic Maintenance Schedule:

As needed:

- Keep grass and other vegetation on the perimeter of the building trimmed short.
- Maintain ground levels around the building to ensure that the foundation is visible by 300mm in the clear.

Annually:

- Sweep chimneys and clean fireplaces (if in use).
- Inspect for termites and other potentially damaging pests; treat as necessary.
- Inspect exterior painted timber for deterioration; repaint as necessary.
- Clean gutters and downpipes for free flow, prior to winter.
- Inspect for rising damp or water penetration and repair immediately as necessary.

Five Yearly:

- Inspect metal roofing, fixings, wall flashings, box gutters and downpipes for corrosion and repair as necessary
- Inspect and repair external glazing as necessary.
