### **Maintenance**

The Programme below will form part of the maintenance regime for this place. The programme will be the responsibility of the Owner or the Owner's nominee. Should the property be sold the new proprietor shall nominate the person responsible for carrying out this maintenance schedule. The Heritage Council of Western Australia should be notified of any change of the person responsible.

This schedule is concerned with the significant heritage fabric and the presentation of the place. It does not aim to cover all the statutory requirements concerning plant and machinery. The required inspection of these items should form part of a broader more comprehensive schedule prepared by the proprietor or building manager.

This schedule should be regarded as provisional and should be adapted by mutual agreement to suit circumstance and experience. This schedule should be regarded as a minimum standard. The schedule should be adhered to in any period where the place is wholly or partially unoccupied.

Should the place be subject to damage by fire, infestation, seismic or building activity or alteration of the foundation, an inspection of the building frame by a qualified structural engineer will be required and any recommendations implemented.
