9. **HERITAGE AGREEMENT**

-----
10. **STATEMENT OF SIGNIFICANCE**

*Terrace Houses, 225-227 Beaufort Street*, comprising two, two storey brick, stucco, and iron terraces houses in the Federation Filigree style, has cultural heritage significance for the following reasons:

the place is a very fine and relatively intact example of terrace houses in the Federation Filigree style;

<sup>1</sup> NB: Although the legal address of the place is 225 Beaufort Street, the northernmost terrace is commonly referred to as No. 227 and this nomenclature has been retained to distinguish between them.

the place has some very fine and unusual distinguishing features such as the side entry of No. 227. This unusual and intact element distinguishes *Terrace Houses, 225-227 Beaufort Street* from terrace houses elsewhere in Western Australia and contribute to its rarity value; and, the place was constructed in 1897 as some of the large number of new boarding houses constructed in the State in the 1890s to accommodate the population increase associated with the gold boom, and provides evidence of the historical provision of lodging in the North Perth area, an inner-city residential function that is no longer common.

Modern red brick fences to the rear of properties have little significance.
