10. **STATEMENT OF SIGNIFICANCE**
North Perth Post Office (fmr), a single-storey brick and tile building situated on a prominent rise within a precinct of similar places featuring the Federation Free style, has cultural heritage significance for the following reasons:
 - the place occupies a prominent street corner and is an important part of the North Perth townscape,
 - the place contributes to an understanding of the development of the suburbs north of the railway (North Perth),
 - the place represents the introduction of the official purpose built Post Office in North Perth in 1916, and has had a continuous presence since that time; and,

the place is a good example of a small scale public building built in the Federation Free style.

A red brick skillion roofed building c. 1970, located on the eastern boundary is considered to have little heritage significance.
